**Distribution Acct 100517**

Dear Harl,

Perhaps this is an oversight on your part, but the Water Rights Account previously under your father's and now under your name was paid consistently for years until 2012, now this account seems to have been ignored of late and has a significant outstanding balance of \$217.16 as per the attached ledger.

Although I do not normally write letters about overdue accounts, I knew Clemont Bauer Adams as the previous Cedar Valley Water Commissioner and a man to be of upstanding character, someone who I respected in the local water business. I personally purchased his outstanding book: A History of Water in Iron County and have enjoyed reading through it, and refer to it on occasion for my work.

Please do not have an outstanding distribution account be part of his legacy, and remit this amount as soon as possible. These funds are used in part to cover the present Water Commissioner, Sam Bauer's efforts. I have enclosed a postage paid envelope to assist in the return of your payment and look forward to receiving it in short order. Otherwise the account will be suspended for non-payment and will incur further penalty and restrictions placed upon the use of the associated water rights.

If you have any questions, regarding this matter, please contact me directly at (801) 538-7430 or at [mikesilva@utah.gov](mailto:mikesilva@utah.gov).

Sincerely,

Mike Silva

Distribution Engineer
